DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

According to Mrs. Joan Butler, this house was built when her grandmother's oldest son was born c. 1914. Liber folio shows Mrs. Butler's grandparents, Mr. and Mrs. Howard Russell, taking possession of this property in

The building is in many ways typical of other houses in the area being of frame construction on piers with a simple clapboard exterior. It is two stories high with a gable-end roof and is three bays wide (two very large bays) and only one bay deep. The exterior measures 28½' in length and 14½' in width. Facing south, the house is entered by a door on the east end of that facade. There are two rooms downstairs and two above which are heated by space heaters that are serviced by a central flue. Two other doors vent the east end and north side. There are windows in the west end and south side.
